

Packaging for TB-0070 Whisper Cube Porta-Pack™ Tabletop booth

USA National Shipping

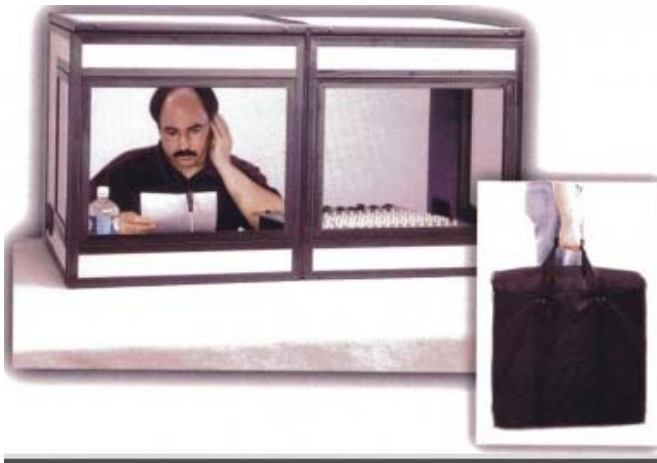

For shipping the TB-0070 within North America, package the booth according to one of below two recommended options:

1. Strap corner cardboard plus wrapper plus straps.

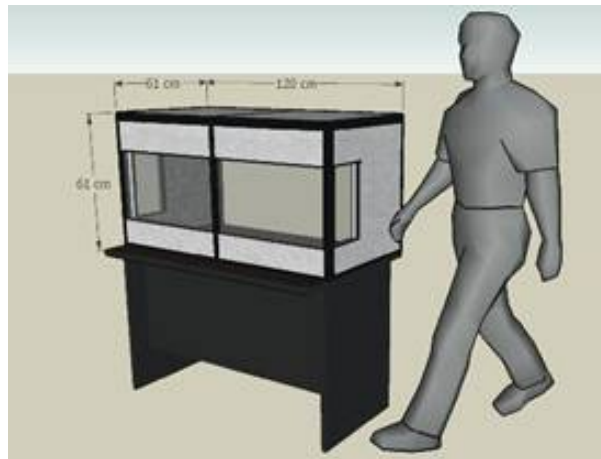

If you don't have any cardboard you can take a cardboard box and cut the edge of the corner to use it as a corner and fasten it to the soft case. It is also recommended to place shrink wrap around bag and strap around the bag/

2. Box plus bubble plus tape

The least expensive and best way to package your booths is to use a box comparable to the [ULine #S20414 30"X30"X12" 275# Double Wall Box](#) box with a weight capacity up to 80 lbs and [bubble wrap](#) to fill the void since the carton is slightly larger than your product. All else that would be required would be tape to seal the finished unit.

The tabletop booth panels come in a soft side carrying case.

The tabletop booth can be placed on top of a 6ft table.

Specifications

Features:

- Number of panels: 2
- Capacity: 2 interpreters
- Standard outside color: light grey
- Standard inside color: dark blue
- Air ventilation: open back
- Construction (ext): covering made of expanded vinyl with a sound barrier of acoustic foam and MIL-B131-H laminating aluminum foil
- Construction (int): covering made of 100% polyester cotton 9mm woven density
- Framing: high-density PVC extrusion with velcro
- DIMS (assembled) WxHxD (in): 47.24 x 24.01 x 24.01
- DIMS (assembled) WxHxD (cm): 61 x 61 x 120
- Table space area (sqf): 7.88
- Table space area (sqm): 0.73
- Item Weight (lbs): 51.80
- Item Weight (kg): 23.5

Storage & shipping:

- Packaging: soft side carrying case
- Case DIMS ext. (WxHxD) (inches): 28 x 28 x 10
- Case DIMS ext (WxHxD) (cm): 71.12 x 71.12 x 25.4
- Soft Case weight (lbs): 2
- Soft Case weight (kg): 0.91
- Total shipping weight (lbs): 54 + packaging weight
- Total shipping weight (kg): 31 + packaging weight
- Space requirements: 4.54 cu ft
- Space requirements: 0.13 cu m
